PAST PERFORMANCE

Rackfinity has decades of experience within the IT industry, which allows us to provide our customers with the highest tier of intelligent technology environment. We offer a wide array of services to achieve this goal, including custom solutions, fabrication, machining, deployment, and much more.

DIFFERENTIATORS

Customization + Certifications, Onsite Assembly and Installation, Top-Quality Customer Support, Decades of Experience, Qualified Top Brand IT Reseller

What is it about your services that makes you stand out from the rest?

We work with the customer to design and implement completely personalized solutions and do whatever it takes to ensure satisfaction from start to finish.

What is it about your people that gives you the advantage over your competitors?

We have worked within the IT industry for decades with customers of varying industries and budgets. This has made us experts in adapting to the project and creating a fitting solution, no matter the circumstances. Whether a small or large project, we are confident we can design and implement the best possible intelligent technology environment.

Why are your products better solutions than the others that are available?

We work with the most reputable and best brands in the industry to ensure that our customers receive the highest quality technology solutions. We have also worked to meet the certification and quality requirements of high-standard brands in the industry, such as ISNetworld, Ariba, Paymode, Exostar, Transcepta, and Coupa. This allows our customers to be completely confident in the quality and service of our solutions.
